

REDSKY INDUSTRIES, LLC

MISSOURI CONCEALED CARRY WEAPONS CLASSES

Concealed Carry Weapon Classes are now available at **REDSKY INDUSTRIES!!**

A full-service firearm, airgun, and personal protection training center, **REDSKY INDUSTRIES** offers **Concealed Carry Weapons** courses and **Tactical Firearm Training** courses by group or by individual appointment. All instructors are National Rifle Association Certified Instructors who have taught for Municipal and Federal Public Safety Entities and the United States Military.

Our classes are taught in a relaxed atmosphere, where students feel comfortable participating and learning in an education-based training forum. We do not believe that the "in-your-face" method of instruction adequately supports a successful learning experience by its participants.

At **REDSKY INDUSTRIES**, our goal is *your* successful completion of each course. We provide you with the information and confidence needed to give you peace of mind in carrying a weapon for self-defense.

REDSKY INDUSTRIES instructors are NRA-Certified in **Home Firearm Safety**, **Pistol Instruction**, and **Personal Protection**. The instructors have extensive Public Safety backgrounds, with an emphasis on education. Their success in Public Safety Education has been formally recognized at both the Municipal and State levels.

You must be 23 years old to take this class. Cost is \$125 per person; private classes are available by appointment for \$165 per person.

Class schedules and cost info can be accessed, and registration completed online, at info@redskyindustries.com.

After registering online, a **REDSKY INDUSTRIES** representative will contact you with all the details of what you will need for each class. For Concealed Carry classes, you will need one revolver and one semi-auto pistol. If you do not have firearms, you can use ours at no charge--you will need to provide your own ammunition, however.

REDSKY INDUSTRIES also offers tactical, custom, and self-defense firearms and weapons for purchase at our full-line retail outlet.

Your safety is important to us. Let REDSKY INDUSTRIES help you achieve your personal protection goals in 2010! Stay Safe!
